Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Monday 19 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some coastal mist, dry overnight, sunny and very warm tomorrow.

This Evening and Tonight:
A dry and mild night across the region, but with some patches of mist, fog or low cloud along the coast, especially in the far northeast. Minimum temperature 13 deg C (55 deg F).

Tuesday:
Any early mist and low cloud in the east mostly soon clearing, but perhaps persisting near north-eastern coasts. Otherwise mostly dry, sunny, and very warm, but cooler towards the coast. Maximum temperature 27 deg C (81 deg F).

Outlook for Wednesday to Friday:
Any overnight low cloud soon clearing to the coast then generally fine and dry with sunny spells. Very warm inland, but cooler towards the coast with a strengthening onshore breeze.
